

ROUGH ON THE JUDGE.

THE ALLEGATION THAT HE HAS PREJUDGED A CASE.

The Western Union Makes this Plea for Removing a Case to the Federal Court. Republicans Pleased at Populists' Refusal to Declare for White Supremacy. Death of Chas. D. Hearst—Confession to Causing the Boston Bridge Disaster.

Messenger Bureau, Park Hotel.

Raleigh, N. C., August 13. The Western Union Telegraph Company proposes next Monday to remove its case from the state courts to the federal courts, on the ground that a judge of the supreme court of the state has already prejudged the case. This is the matter of the order of the railway commission reducing the state rate on day messages from 25 cents to 15 cents for ten words.

The state superintendent of public instruction says he knows only ten townships in which the school tax vote was successful.

In looking over the earliest land grants the secretary of state discovers that the Dismal swamp was then called the "great desert."

The republicans express their pleasure at the "declaration of principles" which the populist committee gave to the press yesterday. They are pleased that there was no declaration in favor of white supremacy in the state. The populists who insisted in such a declaration found themselves outnumbered ten to one.

Among the arrivals here is Rev. Dr. George P. Bostick, a well known missionary to China.

Charles D. Hearst, who was for over eighteen years chief of police here, died quite suddenly at his home at 4:30 o'clock this morning. He was born June 10, 1848, in this city. He married Miss Belle Bragg, daughter of the late Governor Thomas Bragg. He was a member of the Presbyterian church. When only 16 years of age he enlisted in the North Carolina troops in B. C. Manly's battery of light artillery. His death was due to a complication of diseases, liver, kidneys and heart all being involved. A wife and seven children survive him.

Some of the Baptist associations are demanding the resignation of Dr. Whitwell, president of the Southern Baptist theological seminary. It appears he is about to split the church asunder.

In August 1891, the fearful accident at Boston's bridge, near Statesville, occurred, in which a train was thrown off and so many persons were killed and injured. Confessions made by J. A. Hand and Bob Shepherd, two white state convicts, are said to implicate them. The grand jury of Iredell county finds a true bill against them for murder, for this horrible offence. The wrecking of the train was for robbery, it seems as they told where they had hidden some of the money.

The republican organ announces that "Congressman Skinner is to be the coming hero in the next political campaign in North Carolina."

A Boston man now in the west announces that he will take \$50,000 stock in the Morganton and Blowing Rock electric railway. It is now stated that the narrow gauge railway to Lenoir will be extended to Blowing Rock.

The state Farmers' Alliance has made a complete change in officers. John Graham is president, T. B. Parker, of Goldsboro, business agent, and J. T. B. Hoover succeeds W. S. Barnes as secretary-treasurer.

The Southern railway is buying right-of-way along the line of the proposed Mooresville and Salisbury railway. The colored newspaper on one side says that the crime of rape must stop; that it becomes all law-abiding citizens to denounce in unmeasured terms the crime and its perpetrators.

TRAGIC DEATH.

Strange Drowning of Mr. Albert Hendricks at Princess Street Dock Yesterday Afternoon—His Body Floated in a Half Hour—Did He Jump or Fall Overboard?

W. A. Hendricks, a paralytic white man, was drowned in a peculiar way in the Cape Fear, at the entrance to Princess street dock, a few minutes past 2 o'clock yesterday afternoon. A little colored boy was on a flat in the dock and he states that he saw the body of a man rise at the northeast corner of the wharf. He called some flat hands and they tied the body to a flat and notified Coroner David Jacobs, at his place of business two blocks and a half away. After being notified, the coroner was less than five minutes in reaching the drowned man and he had his body taken from the water and laid on the flat, while he went to summons undertaker Evans. In about ten minutes the undertaker arrived and when he took hold of the body he was surprised to find it was still warm. It was removed from the flat to the wharf and Dr. W. C. Galloway did everything he could to resuscitate the man if a spark of life were left in him. He finally pronounced him dead and he was removed to Undertaker Evans' shop for burial.

Coroner Jacobs did everything he could to find out where he could reach the relatives of the unfortunate man. It was said by some that he was from Sumter, S. C., and others from Florence. The coroner telegraphed to both places but received no answer.

Hendricks came here about a month ago and has been selling tea from a large basket which he carried on his arm through the streets. In order to encourage him the John L. Boatwright Company let him sell tea for them. He boarded at several places in the city, since he has been here.

When taken out of the water, he had an order book in his pocket and many of the leaves were still dry. It showed that he had taken orders in Charleston and Sumter, and on some of the pages some of his patrons had written a few lines recommending him. He had several orders down from Wilmington people, and Mr. J. H. Boatwright had a few lines saying a good word for him. The last names entered among his orders were Messrs. Thomas R. Ross, J. Forsyth, W. Rutland and W. A. Dick.

The drowning of Mr. Hendricks was peculiar from the fact that his body should rise in a half hour after he was drowned. When the police relief came on duty at 1:55 p. m., he was sitting on the steps of the Wilmington National bank, corner Front and Princess streets, a block from where his body was found. It was about 2:30 o'clock when the body was discovered in the river. It is possible that he may have had a fit and fell off the wharf. Is it probable that he jumped overboard.

THE C. F. & Y. V.

The Grounds of Appeal from Judge Simonson's Decrees Filed With the clerk of the United States District Court Here—The Appeal to be Heard in November.

The following assignment of errors was filed yesterday with Mr. W. H. Shaw, clerk of the United States district court, in this city, in the Cape Fear and Yadkin Valley railway foreclosure proceedings, in behalf of the appellants who appeal from the decrees of Judge Simonson ordering the road to be sold as an entirety:

In the circuit court of the United States for the Eastern district of North Carolina:

The Farmers Loan and Trust Company, of New York, trustee, complainant, vs. the Cape Fear and Yadkin Valley Railroad Company, the Mercantile Trust and Deposit Company, of Baltimore, John W. Fryer, as receiver of the North State Improvement Company, and William A. Lash, as trustee.

William A. Lash vs. the Farmers, Loan and Trust Company, trustee, the Cape Fear and Yadkin Valley Railway Company, and John Gill, as receiver of the Cape Fear and Yadkin Valley Railway Company.

Consolidated cause in equity.

ASSIGNMENT OF ERRORS. And now on the 3rd day of August, 1897, come the defendants Charles Adolph Low, Geo. F. Baker and Wm. E. Strong, by Seward, Guthrie, Morawetz & Steele, their solicitors, and say under oath in said cause made and entered on March 31st 1897, as amended by the amended and supplemental decree therein filed on July 2, 1897, is erroneous and against the just rights of the said defendants for the following reasons:

First. Because in and by said decree of March 31, 1897, the proceeds of the sale of the premises covered by the first mortgage of June 1, 1896, therein directed, are ordered to be distributed, first, to the payment of the coupon interest of the several series of bonds mentioned in the said decree in preference and priority to the principal of said bonds.

Second. Because the said decree of March 31, 1897, directs the sale of the mortgaged premises therein described only as a single parcel and an entirety, and not in divisions, and further directs that the proceeds of such sale be divided among the holders of the several series of bonds therein mentioned according to the percentage fixed by the court and specified in the said decree.

Third. Because the said decree of March 31, 1897, does not provide for a sale of the premises covered by the first mortgage of June 1, 1896, separately from the premises covered exclusively by the consolidated mortgage of October 1, 1896.

Fourth. Because the said decree of March 31, 1897, does not provide that the premises covered by the first mortgage of June 1, 1896, should be offered for sale as a single parcel and entirety and also by divisions and sold in the way which should actually prove to be most disadvantageous and that the distribution of the proceeds of the sale thereof among the respective classes of bondholders, in case the sale as a single parcel and entirety should be adopted and be confirmed, should be made in proportion to the highest amounts respectively bid for the several divisions when offered for sale by divisions as aforesaid.

Fifth. Because the said decree of March 31, 1897, as amended and supplemental decree of July 2, 1897, directs the master commissioners therein appointed, when they offer the entire property covered by the mortgages then foreclosed and either of them for sale as a single parcel and as an entirety, to include in the said single parcel the leasehold interest of the defendant, the Cape Fear and Yadkin Valley Railway Company, in the South Carolina Pacific Railway Company, and further directs that the proceeds of such sale as an entirety, including the proceeds of the sale of said leasehold interests, be divided among the holders of the bonds according to the percentage named in the said decree of March 31, 1897, and not according to the amount of the bonds of each of the series A, B, and C, outstanding.

Wherefore, the said defendants pray that the said decrees be reversed and that the court may be directed to enter before assigned the errors herein before assigned.

[Signed.] SEWARD, GUTHRIE, MORAWETZ & STEELE, Solicitors for the said defendants Chas. Adolph Low, George F. Baker and William E. Strong.

Along with the assignment of errors the defendants file an appeal bond of \$2,000.

The appeal will come up for a hearing before the court of appeals at Richmond, Va., next November.

Hanged for Wife-Murder. Baltimore, August 13.—Peter Monahan, 74 years of age, was hanged here today for the murder of his wife. The crime was committed on May 25, 1897, and Monahan was convicted and sentenced on June 17th. The drop fell at 9:56 o'clock a. m.

Monahan spent the last night of his life quietly and without showing any anxiety whatever regarding his approaching end. He paced up and down the corridor in front of his cell until midnight, when he retired and was soon in a deep sleep. At 5 o'clock this morning he was awakened and preparations for the execution were begun. The final rites of the Catholic church were performed, the usual breakfast was served after which the condemned man spent an hour chatting cheerfully with those who surrounded him. To Frank Watcher, a member of the jail board, who visited him about half an hour before the march to the gallows began, Monahan said: "Good-bye, but I'll see you outside when I go on the scaffold. I'll wrestle with you on the scaffold and I'll let you know. If I don't have time on the scaffold, I'll wrestle with you in the green fields beyond." This was said with a jolly air as if Monahan were just going down the bay for a picnic. Monahan retained his composure to the end.

ALLIANCE SHOE FACTORY.

Four Thousand Dollars Placed to Its Credit—Suspension of Raleigh's Chief of Police.

(Special to The Messenger.)

Raleigh, N. C., August 13.—The Farmers' Alliance sets apart \$4,000 to meet the operating expenses of its tannery and shoe factory.

The board of aldermen met this afternoon to consider the case of Chief of Police Norwood, suspended for releasing George Davis, charged with rape, pending habeas corpus proceedings. It was ascertained that Norwood issued a warrant for the arrest on suspicion; that Officer Lambeth served it and made an endorsement on it. Lambeth thought the warrant had been regularly turned over to the mayor, but the latter told him he knew nothing of it. Then Lambeth asked for it. The chief said it was at his home, went there and returned and gave the warrant to Lambeth, saying "this contains the same words as the other, but is better written." Davis' attorney says he notified the chief that the habeas corpus proceedings were pending and that the chief told him he did not arrest Davis on the warrant. The whole matter is referred by the aldermen to the police board and the city attorney.

The Lynching in Buncombe County

(Special to The Messenger.)

Raleigh, N. C., August 13.—Sheriff Worley, of Buncombe, was here today and brought Clay McCarty, a 15-year-old boy, to the penitentiary, convicted of stabbing a playmate. Governor Russell will try to place McCarty in a reformatory. The sheriff reported to Governor Russell, and the Brackett lynching was discussed. Some of the lynchers are known and Governor Russell desires that they be punished. It is quite probable that bench warrants will be issued. The men who attacked the jail are known. Their prosecution is certain. Smith and Ramsey, of Weaverville, relatives of the outraged girl, led the mob. Evidence is being collected by the solicitor. None of the lynchers were masked. Many of the persons who stormed the jail were drunk. The governor has official report of the lynching from Captain Bookhart, of the Asheville Light Infantry, including a copy of the following telegram to him from the adjutant general: "Warn the mob orally of its peril, but uphold the law at all hazards, and fire to kill if necessary. If you need more troops telegraph me."

A Wreck on the Carolina Central

(Special to The Messenger.)

Rockingham, N. C., August 13.—No. 21, the inter-state fast freight, running between Raleigh and Monroe over the Seaboard Air Line railroad, was derailed three miles from here about 4 o'clock this afternoon. Seven cars were thrown down the embankment and completely demolished. Two of them contained heavy machinery, others general merchandise. The engine, with eighteen cars, left the track a negro brakeman, Willis Taylor, was killed and thrown from the train into a pond near the track. The track was torn up for about sixty yards. The passenger trains are now running via Cheraw, over the Atlantic Coast Line to Wadesboro. The track will probably be cleared by tomorrow noon.

DENOUNCED BY THE NEGROES

Resolutions Denunciatory of the Frequent Crime of Rape and its Usual Punishment by Lynch Law

(Special to The Messenger.)

Raleigh, N. C., August 13.—At a meeting of the Wake Colored Baptist Association at Franklinton today resolutions offered by James H. Young were unanimously adopted. The preamble says that the association notices with great regret the very large number of arrests of negroes in various parts of North Carolina and the south charged with committing that most dastardly, cowardly and infamous crime known to society, namely, outrages upon defenseless women, and that this crime has increased to a large degree and threatens to create and perpetuate the greatest alienation of the two races.

Following is the text of the resolutions:

Resolved, That we stamp our most emphatic condemnation upon all of that wretched and infamous class who have committed or who may commit or attempt to commit such outrages against society, and we pledge our willingness to co-operate with all law-abiding citizens to bring to justice any and all who are or may be guilty of such revolting crimes.

Resolved, That we, as pastors and leaders among our people, will do all in our power to create among them the strongest sentiment against this crime and urge them to do all in their power to assist in bringing to justice such lawless characters, be they within or without our race, who are a curse to humanity.

Resolved, That we denounce with equal emphasis the men who become violators of the law of God and of the land by banding themselves together in mobs or lynch parties for the purpose of murdering helpless victims upon whom the strong arm of the law has already laid its just hands.

Resolved, That we commend the governor of North Carolina and the governors of such other southern states as have taken such heroic stands in throwing the strong arm of the law around those charged with this crime to the end that the majesty of the law may be upheld, which in itself is sufficient to punish the men who commit or attempt to commit such outrages.

Fire This Morning.

The alarm of fire this morning about 3:30 o'clock was in consequence of fire in a small wooden shop on the east side of Front street, near Castle. The building was pretty badly damaged. The flames also got into another little shop next door and communicated to Captain J. W. Dixey's residence, causing him damage to the extent of probably \$200. The whole loss will foot up about \$600. The property is owned by Mrs. Frank Darby.

HAPPENINGS IN CHARLOTTE.

Unusually Heavy Exodus to Summer Resorts—Changes at the Mint—Charlotte Boys "Do up Concord"—Rejoicing Over Fire Correspondence.

(Correspondence of The Messenger.)

Charlotte, N. C., August 14.

Charlotte is now passing through the fog end of the heated term, and it is, indeed, gratifying to know that September is only about two weeks off. The greater portion of our people have long since migrated either to the ocean or the mountains, where they are enjoying the cool breezes and other advantages incident thereto. The summer taken altogether, has not been so very disagreeable in Charlotte this year. The days, as a rule, have been very warm, but generally the nights have been cool and pleasant. However, to those who could take it, a change has been very acceptable, and more people have probably taken trips away, especially toward the coast, than ever before in the history of the city. The new Seashore hotel has proved one of the drawing attractions at Ocean View this summer, and all of the Charlotte people who have visited this hotel unite in praising Mr. Campbell for the highly satisfactory manner in which he has catered to the wishes and pleasure of his guests.

The colored people are now holding their annual camping meeting at Latta park, adjacent to the city, and judging by the crowds of both white and colored people that are in daily attendance, it is only fair to assume that the meeting is an unbounded success. The meeting is being conducted by some of Charlotte's colored local ministers, together with several ministers from elsewhere, among whom is a woman preacher, who, by the way, is certainly an excellent talker, and never fails to stir up the congregation to the highest pitch of excitement when she preaches. The best feature of the meeting is the singing. The darkey is naturally musical, and when five or six hundred are singing some old familiar hymn, it is really worth going quite a distance to hear.

Mr. Clanton, the newly appointed assayer at the Charlotte mint, has taken charge of his office, relieving Captain W. E. Ardrey, who has been in charge for the past four years. Mr. Clanton appears to be a very pleasant and clever gentleman, and will doubtless give general satisfaction to the public. Captain Ardrey, the outgoing assayer, was probably the most popular mint official that has ever been in charge in Charlotte. He made a host of warm friends while here; he was held in the highest esteem by those with whom he came in contact, and it can be truthfully said of him that he goes out of public office without an enemy.

Nothing is positively known with reference to the appointment of a postmaster to succeed Captain T. R. Robertson, whose term expires in September, but it is generally conceded that the new incumbent will be Mr. J. W. Mullen, of this city.

It seems that some of our "best" young men have recently been stirring up a hornets nest over in our sister town of Concord. The boys went up last Wednesday night to attend a german, and knowing that Concord was a "dry town," they took along a considerable quantity of the stuff that "gripeth like an adder, and biteth like a serpent." All went well until the german was over and the girls had been taken safely to their respective homes. Then the boys went out to paint the town, beginning at one of the hotels, and, in the parlance of the street, they certainly "raised sand."

The good town of Concord is not accustomed to such "cutting up," and the people are highly indignant over the way the young men acted, and rightfully so too. Charlotte is heartily ashamed of her young men who took part in this affair, and it is to be hoped that it will not be repeated. It is, indeed, a pity that young men cannot be brought to see that having a good time does not consist in drinking oneself full of whiskey and making oneself a general nuisance to others.

Mecklenburg county is rejoicing this year over the finest crop prospect that she has seen in years. The season, so far, is all that could have been wished, and all crops are in the most excellent and promising condition. Some of the finest and largest melons ever seen on the Charlotte market have been brought in this season. Melons weighing from 40 to 60 pounds have been common, and in one or two instances they have been brought in weighing in the neighborhood of 70 pounds. The farmer in this section truly has a right to look happy this year; for his crop is on the upward tendency and the prospect for an excellent yield of that staple, and all other crops as fine as could be desired, it seems as if his condition was indeed promising.

The following Wilmingtonians have been registered at the Buford hotel during the week: Mrs. Flanner, Mr. and Mrs. J. H. Rehder, Mr. W. S. Jones, Mr. John F. Ruff, Jr., Mrs. M. Roseman and two children, and Miss Annie Pearsall.

A Fight With the Hatfield Gang

Huntington, W. Va., August 14.—It is reported here tonight that a fight took place this afternoon between "Cap" Hatfield and his followers and a posse that was attempting to capture him at Big Rock Cliffs, in Mingo county, known as the devil's backbone. Three are reported killed. Owing to the isolated district the report cannot be verified.

St. Louis, Mo., August 14.—A special to the Post-Dispatch from Huntington, W. Va., says: One half of the devil's backbone, the rocky fortress of the Hatfields in the mountains on Tug river, was shattered by dynamite today and Hatfield and his men were driven from their strong hold by Sheriff Keagle and his posse, after a desperate battle. Several of the sheriff's men are badly wounded, but the Hatfields are still free. Only this has been accomplished—that the rocky crest, where

Restored Manhood.

DR. MOTT'S NERVE-PILLS.

The great remedy for nervous prostration and all nervous diseases of the generative organs of either sex, such as Nervous Prostration, Falling or Lost Manhood, Impotency, Nightly Emissions, Yonkers Errors, Mental Worry, excessive use of Tobacco or Opium, which lead to Consumption and Wasting, and every other disease of the generative system, guaranteed to cure or refund the money. Sold at \$1.00 per box, 6 boxes for \$5.00. DR. MOTT'S CHEMICAL LABORATORY, Cleveland, Ohio. For Sale by W. H. Green & Co.

the Hatfields have for years defied the law and from which they have carried out their bloody plans is no longer a tenable fortress.

It was decided by the besieging force to dynamite the desperado and his gang. All day Friday and Friday night the closest watch was kept. At 8 o'clock this morning the dynamite arrived and by 11 o'clock the explosive was placed. The fuse was laid, the match was applied and the attacking force began to fall back. Until now, the besieged seemed not to suspect what was being done, but with the flashing of the train which led to the dynamite, realization of their peril came. Men jumped from cover and rushed hither and thither in full view. Hatfield was seen to start for the path heedless of a shower of bullets. A rush was made down the side of the mountain. Three men dropped wounded. It was useless to try to escape by the well-known path and the desperadoes returned to the top of their rock fort, Hatfield directing them. Great bowlders were hurled over the rocks in hopes of breaking the fuse. Then came the explosion. Pieces of rock and trees flew in every direction. When the smoke cleared away, Hatfield's men remained unharmed. Dan Lewis, Steve Stanley and Jake Monroe, who presumed in the excitement to leave shelter, were shot and are not expected to recover. Another charge of dynamite was trained, but under the cover of his men escaped. The chase was renewed and hampered as he is by his wounds, Hatfield's capture within twenty-four hours must follow.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medicine fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the system. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WHISKEY FOR A NATION.

Enough in Bond to Last for Twelve Years.

There is enough whiskey already manufactured in this country to-day to last the consumers for twelve years to come."

This assertion was made yesterday by one of the most prominent wholesale whiskey dealers in this city. During the latter part of May the leading distillers of rye whiskey in the East held a meeting in New York city, and arrived at the conclusion that there was an overproduction of whiskey, and with the exception of three of the representatives, who were present at the meeting, an agreement was reached among the remaining distillers that they would shut down on the manufacture of whiskey from the 1st of July until September 1. At that meeting it was given out that the annual consumption of whiskey in this country was 60,000,000 gallons, and that at the time of the meeting 20,000,000 gallons were still in the bonded warehouses. According to the estimate made at the New York meeting, 5,000,000 gallons of whiskey are consumed every month in this country.

The compact of the distillers represented at that gathering was that they would curtail manufacturing for two months. During that time, according to their calculations, 10,000,000 gallons would be consumed, which would leave an equal amount still in the bonded warehouses at the beginning of September. The time agreed upon when a resumption of the manufacture would be made. According to the foregoing statement, that there is already manufactured enough whiskey to supply the country for twelve years, there must be something radically wrong with the figures given out at the New York meeting.—Baltimore American.

Pain-Killer

(PERRY DAVIS')
A Sure and Safe Remedy in every case and every kind of Bowel Complaint is

Pain-Killer

This is a true statement and it can't be made too strong or too emphatic.

It is a simple, safe and quick cure for

Cramps, Cough, Rheumatism, Colic, Colds, Neuralgia, Diarrhoea, Croup, Toothache.

Two sizes, 25c. and 50c.

Grand Army Reunion
F. C. Abbott Post No. 15, Grand Army of the Republic, of this city, will go to Newbern on the 30th inst. to have a union with J. C. Beeden Post, No. 22. There are about forty members of the post and they will leave here at 6 o'clock a. m. on Monday, August 23, and return the next morning.

He is now Cured, and He Thanks God and P. P. P., Lippman's Great Remedy, For It.

Mr. George Briggs, of Moore, Okla., suffered almost indescribable torment for three long years. Neuralgia held him captive. The right side of his face was so badly affected that the slightest touch would cause the unfortunate man intense agony. For several weeks he could open his mouth just wide enough to be fed with liquid nourishment, and in this manner life was sustained. Read the following extract from his letter: "Truth is stranger than Fiction."

NEURALGIA, CATARRH AND RHEUMATISM COMPLETELY CURED.

George Briggs, of Moore, Oklahoma, writes that P. P. P., Lippman's Great Remedy, cured him of catarrh, facial neuralgia and rheumatism, after three years of intense suffering. The pain lay in his cheek bone and temple, down the right side of his face, along his upper lip, and from the slightest touch he suffered agonies for weeks at a time. Could only open his mouth wide enough to admit a teaspoon, and any acid in his food would put him in torture. He had a consultation of the best physicians in Texas, but all to no purpose.

Catarrh and rheumatism were also causing him much trouble, until he tried P. P. P. He says he is well and will swear that there are no cases of neuralgia, catarrh and rheumatism, no matter how chronic or how old the cases are, that P. P. P. will not make a total cure of.

Mr. Briggs winds up his testimony by saying he thanks God and our medicine, P. P. P., Lippman's Great Remedy, for the great cure.

Kidney troubles, if neglected, bring about serious and painful and often fatal results. P. P. P. removes the irregularities, and cures the diseased parts.

Dyspepsia and indigestion, skin and blood diseases, can be speedily removed by P. P. P., Lippman's Great Remedy.

Ladies, take P. P. P. and rid your face of pimples, blotches, freckles, yellow or muddy skin, wrinkles and vulgar redness.

Sold by all druggists.
